What is the SOPP?

The Symphony of Peace Prayers is an inter-religious, inter-spiritual annual peace prayer event, first held in 2005 at Fuji Sanctuary in Japan. Since then, the SOPP has been celebrated by many thousands of people on every continent. This unique prayer ceremony has two core elements:

1

Prayers from different faiths and traditions

Sharing in the prayers of different religious faiths and spiritual traditions sends a powerful message of respect and harmony. You may wish to invite local religious and spiritual leaders to lead participants in their own prayers for peace. Organizers and participants may also wish to contribute their own inspiring prayers and rituals.

2

Prayers for peace in each country

In this global celebration of the oneness of the human family, participants are invited to offer prayers for peace in each country and region on Earth, transcending national, religious and all other boundaries, and giving expression to the universal wish for peace and harmony. You can use national flags of any size to represent each country as participants pray. *May peace be in (name of country or region), May peace prevail on Earth.*
