THRIVING WORLD

The **Symphony of Peace Prayers** is a global event that brings together people from different faiths and spiritual traditions to pray with one voice for peace on earth. It is celebrated each year by many thousands of people, on every continent.

In 2015, the Symphony of Peace Prayers was the venue for the launch of the **Fuji Declaration** – a global charter calling on all of us to seek out our innate, sacred consciousness – our divine spark – in order to transform our civilization and create lasting peace on earth. Following this landmark event, in 2016 the **Soul of WoMen** Global Campaign was initiated – a call to women and men in communities worldwide to activate the ‘divine feminine’ within ourselves and society for a more balanced world that embraces both the feminine and masculine energies.

The Symphony of Peace Prayers belongs to all of us – all human beings from all walks of life – representing an elevation in global consciousness and a new set of values for living in harmony with all life on earth. Together, let us forge ahead on the path to a flourishing planetary civilization.
